Letter to the Editors:

Over the past several weeks, various public land trusts, Save the Ridge, and the State of New York have all tried to take responsibility for “saving the ridge”. I would like to take a moment to thank the person who is really responsible for “saving the ridge” and providing us with the view that we all enjoy today, Mr. John Bradley. Thank you, John.

The responsibility of ownership has now been taken out of Mr. Bradley’s hands and passed to the people of New York, and I hope that we are up to the job. For all of you who think the Shawangunk Ridge has been saved, I have two words....Bear Mountain.
